

Matt Marchand

Industrial Designer.

I love attention to detail and delightful experiences. Seeking opportunities to learn, share and collaborate alongside determined, passionate creatives in a forward thinking environment.

Skills

Creative concept development
CAD, SolidWorks, Fusion 360, KeyShot
Photoshop, Illustrator, InDesign,
Lightroom, AfterEffects, Web design

Presentation, personable communication
Documentation & Organization
Understanding of CMF & Manufacturing
Motivated, optimistic and curious.

Education

Industrial Design | San Jose State University | 2019 | Magna Cum Laude

Experience

DICK'S | Pittsburgh | Industrial Designer | 2019

Introducing disruptive outdoor gear for internal brands, ranging from fishing kayaks, to ultralite backpacks. Enjoying an innovative incorporation of physics and philosophy.

IDEO | San Francisco | Industrial Design Intern | 2018

Developing new experiences, products and human centered design solutions for a wide range of clients. Large emphasis on teamwork, optimism and creativity.

SLIMDESIGN | Amsterdam | Industrial Design Intern | 2017

Worked closely with clients and engineers to design, prototype and produce consumer electronics. Gained in depth experience with electrical & mechanical engineering.

IDSA | San Jose | President of SJSU Chapter | 2017

Organized industrial design events for students and led workshops to encourage student insights, connections and growth outside of the classroom.
